We provide a comprehensive range of advisory services, customized IoT systems, and flood emergency deployment planning tailored to our clients' specific needs, leveraging our extensive expertise.

## CEO Statement

At Infra Water Sendirian Berhad, we have dedicated ourselves to excellence and innovation in flood management since our incorporation in 2005.

Our integration of Internet of Things (IoT) technology into flood management has transformed how we predict, monitor, and respond to flood events. By leveraging real-time data and advanced analytics, we provide clients with precise and timely information, enabling informed decision-making and proactive measures. This approach enhances the efficiency and effectiveness of our solutions, ensuring that we remain leaders in flood management innovation.

Emergency preparedness and rapid response are central to our mission. We understand the critical importance of swift action during flood events and are dedicated to delivering prompt and effective flood emergency deployment planning. Our customized IoT systems and advisory services are tailored to meet the unique needs of each client, ensuring they are well-prepared to handle any flood-related challenges. Looking ahead, we will continue to invest in cutting-edge technologies, expand our offerings, and foster strong partnerships to achieve our vision of being the leading provider of advanced flood management solutions.

Thank you to our dedicated team, valued clients, and esteemed partners for their unwavering support and trust in Infra Water Sendirian Berhad.

**INFRA WATER SENDIRIAN BERHAD**  
YOUR PREFERRED FLOOD PREVENTIVE PARTNER

---

Our solutions are designed to adapt to unpredictable weather conditions, ensuring sustainable and proactive flood management to safeguard lives and infrastructure.

# Our Values

Delivering innovative, reliable, and sustainable flood management solutions to protect communities and infrastructure.

**Innovation and Reliability:**

Delivering cutting-edge and dependable flood management solutions.
